

SECRET

DEPARTMENT OF STATE

THE UNDER SECRETARY

S/P

June 8, 1949

MEMORANDUM FOR:

Mr. Offie:

I attach hereto copy of a memorandum I sent today to Joe Satterthwaite. Similar memoranda have been sent to Tommy Thompson and John Allison. It appears obvious that the fruits of the brain of the good professor should be made available not only to key persons in the Department of State but also to key posts in the field. I propose to tell Tommy, Joe and John Allison personally and verbally something about Professor B. in order that they will understand and appreciate the fact that what he produces should not be taken lightly. I hope you approve.

I sent a copy of the professor's first memorandum to Bob Hooker and immediately received a reply which I am attaching hereto. You will notice that Hooker is most anxious to obtain the professor's thoughts on a number of very important subjects. You will know how to feed Hooker's queries and others which will certainly be forthcoming to the professor. I don't know whether or not it would be to the good to have him and Hilger work together in preparation of some of the memoranda which will be largely political.

Robert P. Joyce

NEA - Mr. Joseph C. Satterthwaite

I am transmitting to you herewith a memorandum entitled "The Communist University of the Working People of the East", which I am sure you will find to be most interesting. You will note that this memorandum is labeled "KB Report No. 1".

It has occurred to me that NEA may care to transmit copies of this report to various key posts in your area such as Istanbul, Tehran, New Delhi, Kabul, Karachi and Rangoon. This report is the first of a series to be prepared by the same source. Future reports will cover other subjects related to the policy and activities of the Soviet Union in the East.

I should be glad to discuss with you personally the source of this and following reports and to accept suggestions as to additional subjects for reports of interest to your area.

Robert P. Joyce

Attachment:

As stated above,
KB Report No. 1,
Copy No. 19.
